Declaration of Conformity

Horizon XC • ADS-L 4 SRD860

The undersigned, representing the manufacturer:

FLARM Technology AG
Industriestrasse 49
CH-6300 Zug, Switzerland

declares under sole responsibility that the following product:

Product Name	Horizon XC
Device P/N	FLAHORXCW
Firmware Version	1.42 or newer

is in conformity with the ADS-L 4 SRD860 Standard Issue 2.

The device operates on the following transmission parameters:

Transmission Bands and Power Levels	868.2 MHz and 868.4 MHz, 14 dBm EIRP
Optional Parameters Transmitted (ADS-L)	▪ Emergency Status (always No Emergency) ▪ Velocity Accuracy (as measured) ▪ Design Assurance (always n/a) ▪ Navigation Integrity (always Unknown) ▪ Source Integrity Level (always Unknown)
Receive capabilities	None

The manufacturer additionally declares that:

- Robust design processes and production controls are in place during manufacturing to ensure consistent quality and compliance with the applicable standard,
- The product meets all relevant EU regulatory requirements, including safety, EMC, and radio performance, and has been appropriately CE marked and documented,
- The product uses an approved address range (Section ADS-L.4.SRD860.F.2.2)
- The product nominally transmits at least the “Traffic” and “Status” payloads (Subpart G)
